

Dear Bong HR

I hope you're doing well. My name is Thoeurn Ratha, and I'm a web developer with hands-on experience in building modern, responsive, and user-focused web applications. I specialize in front-end and back-end development, and I've worked with technologies such as HTML, CSS, JavaScript, React, Node.js, Laravel, and more. I'm passionate about creating efficient, scalable, and visually engaging digital solutions. I enjoy collaborating on projects that push the boundaries of user experience and performance.

I'm currently looking for new opportunities to apply my skills, contribute to exciting projects, and grow professionally as part of a dynamic team.

During my final year at university, I also took the opportunity to develop a website for the Department of Computer Science at the Royal University of Phnom Penh. This project allowed me to apply my technical and developed skills to solve real problems. This full-stack project combined both frontend and backend development, and it is currently under review by the university's IT Center before official launch.

You can view the site here:

For this project, I was also honored to receive a letter of recommendation from an assistant professor, recognizing my developed, initiative, and technical contribution.

If you'd like to connect or collaborate, feel free to reach out. I'm always open to discussing new ideas and challenges.

Best regards,

Thoeurn Ratha

-  Sangkat Tuek Thla, Khan Sen Sok, Phnom Penh

## EDUCATION

### 2009-2017

Studied at Thmol Kol Primary school  
and Thmol Kol Secondary school

### 2018-2021

Studied at Boung Kok High school

### 2021-2025

Studying at Royal University of  
Phnom Penh, bachelor's degree in  
Department of Computer Science.

## SOFT SKILLS

- Teamwork
- Friendly
- Critical thinking
- Problem-solving
- Fast learner
- Communication

## LANGUAGE

Khmer

English

## ABOUT ME

Self-motivated web developer with hands-on experience in building responsive, scalable web applications using modern technologies like React, Laravel, Node.js, and Tailwind CSS. Passionate about writing clean code and continuously learning new tools to improve development efficiency.

## CERTIFICATION

- *AWS Academy Graduate - AWS Academy Cloud Foundations*
- *AWS Academy Graduate - AWS Academy Data Engineering*
- *AWS Academy Graduate - AWS Academy Machine Learning Foundations*
- *FCF - Introduction to the Threat Landscape 2.0 Self-Paced*

## SKILLS

- Frontend: HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, ReactJS, NextJS
- Backend: PHP, Laravel, NodeJs, Express, Spring Boot, Spring MVC, REST APIs
- Databases: SQL, NoSQL
- DevOps & Tools: Git, Docker, Vercel, Postman
- Content Management: WordPress, Joomla
- Basic Linux Command

## PROJECTS

### QRCode Generate

**Tech stack used:** Node.js, MongoDB, Redis, etc

**Features :** Generate and verify payment QR codes, multi-currency support, stores transactions in MongoDB, caches with Redis, fallback for API failures, simple responsive UI.
